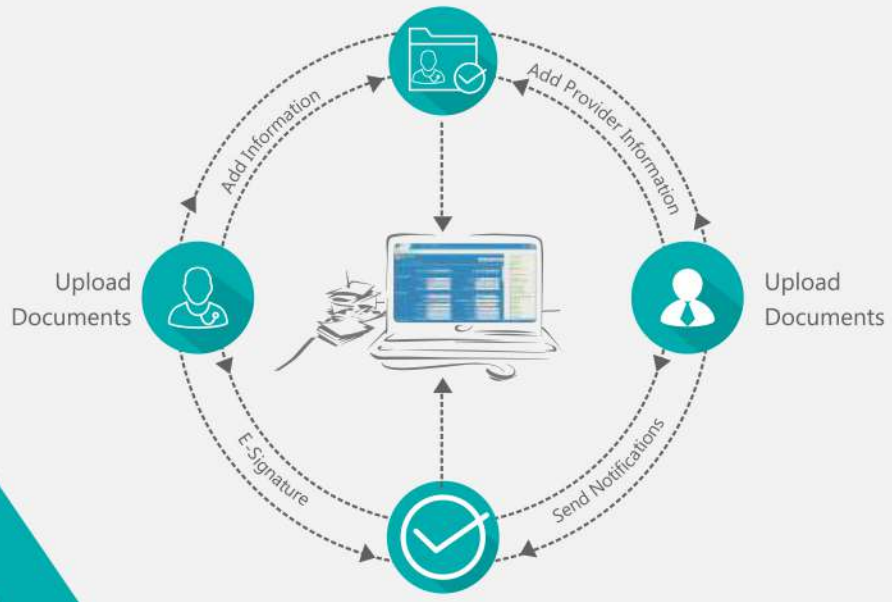
EACH ORGANIZATION HAS UNIQUE CREDENTIALING NEEDS.....

I-Enroll can be tailor-fitted to meet your organizations' specific needs



Simplify Compliance

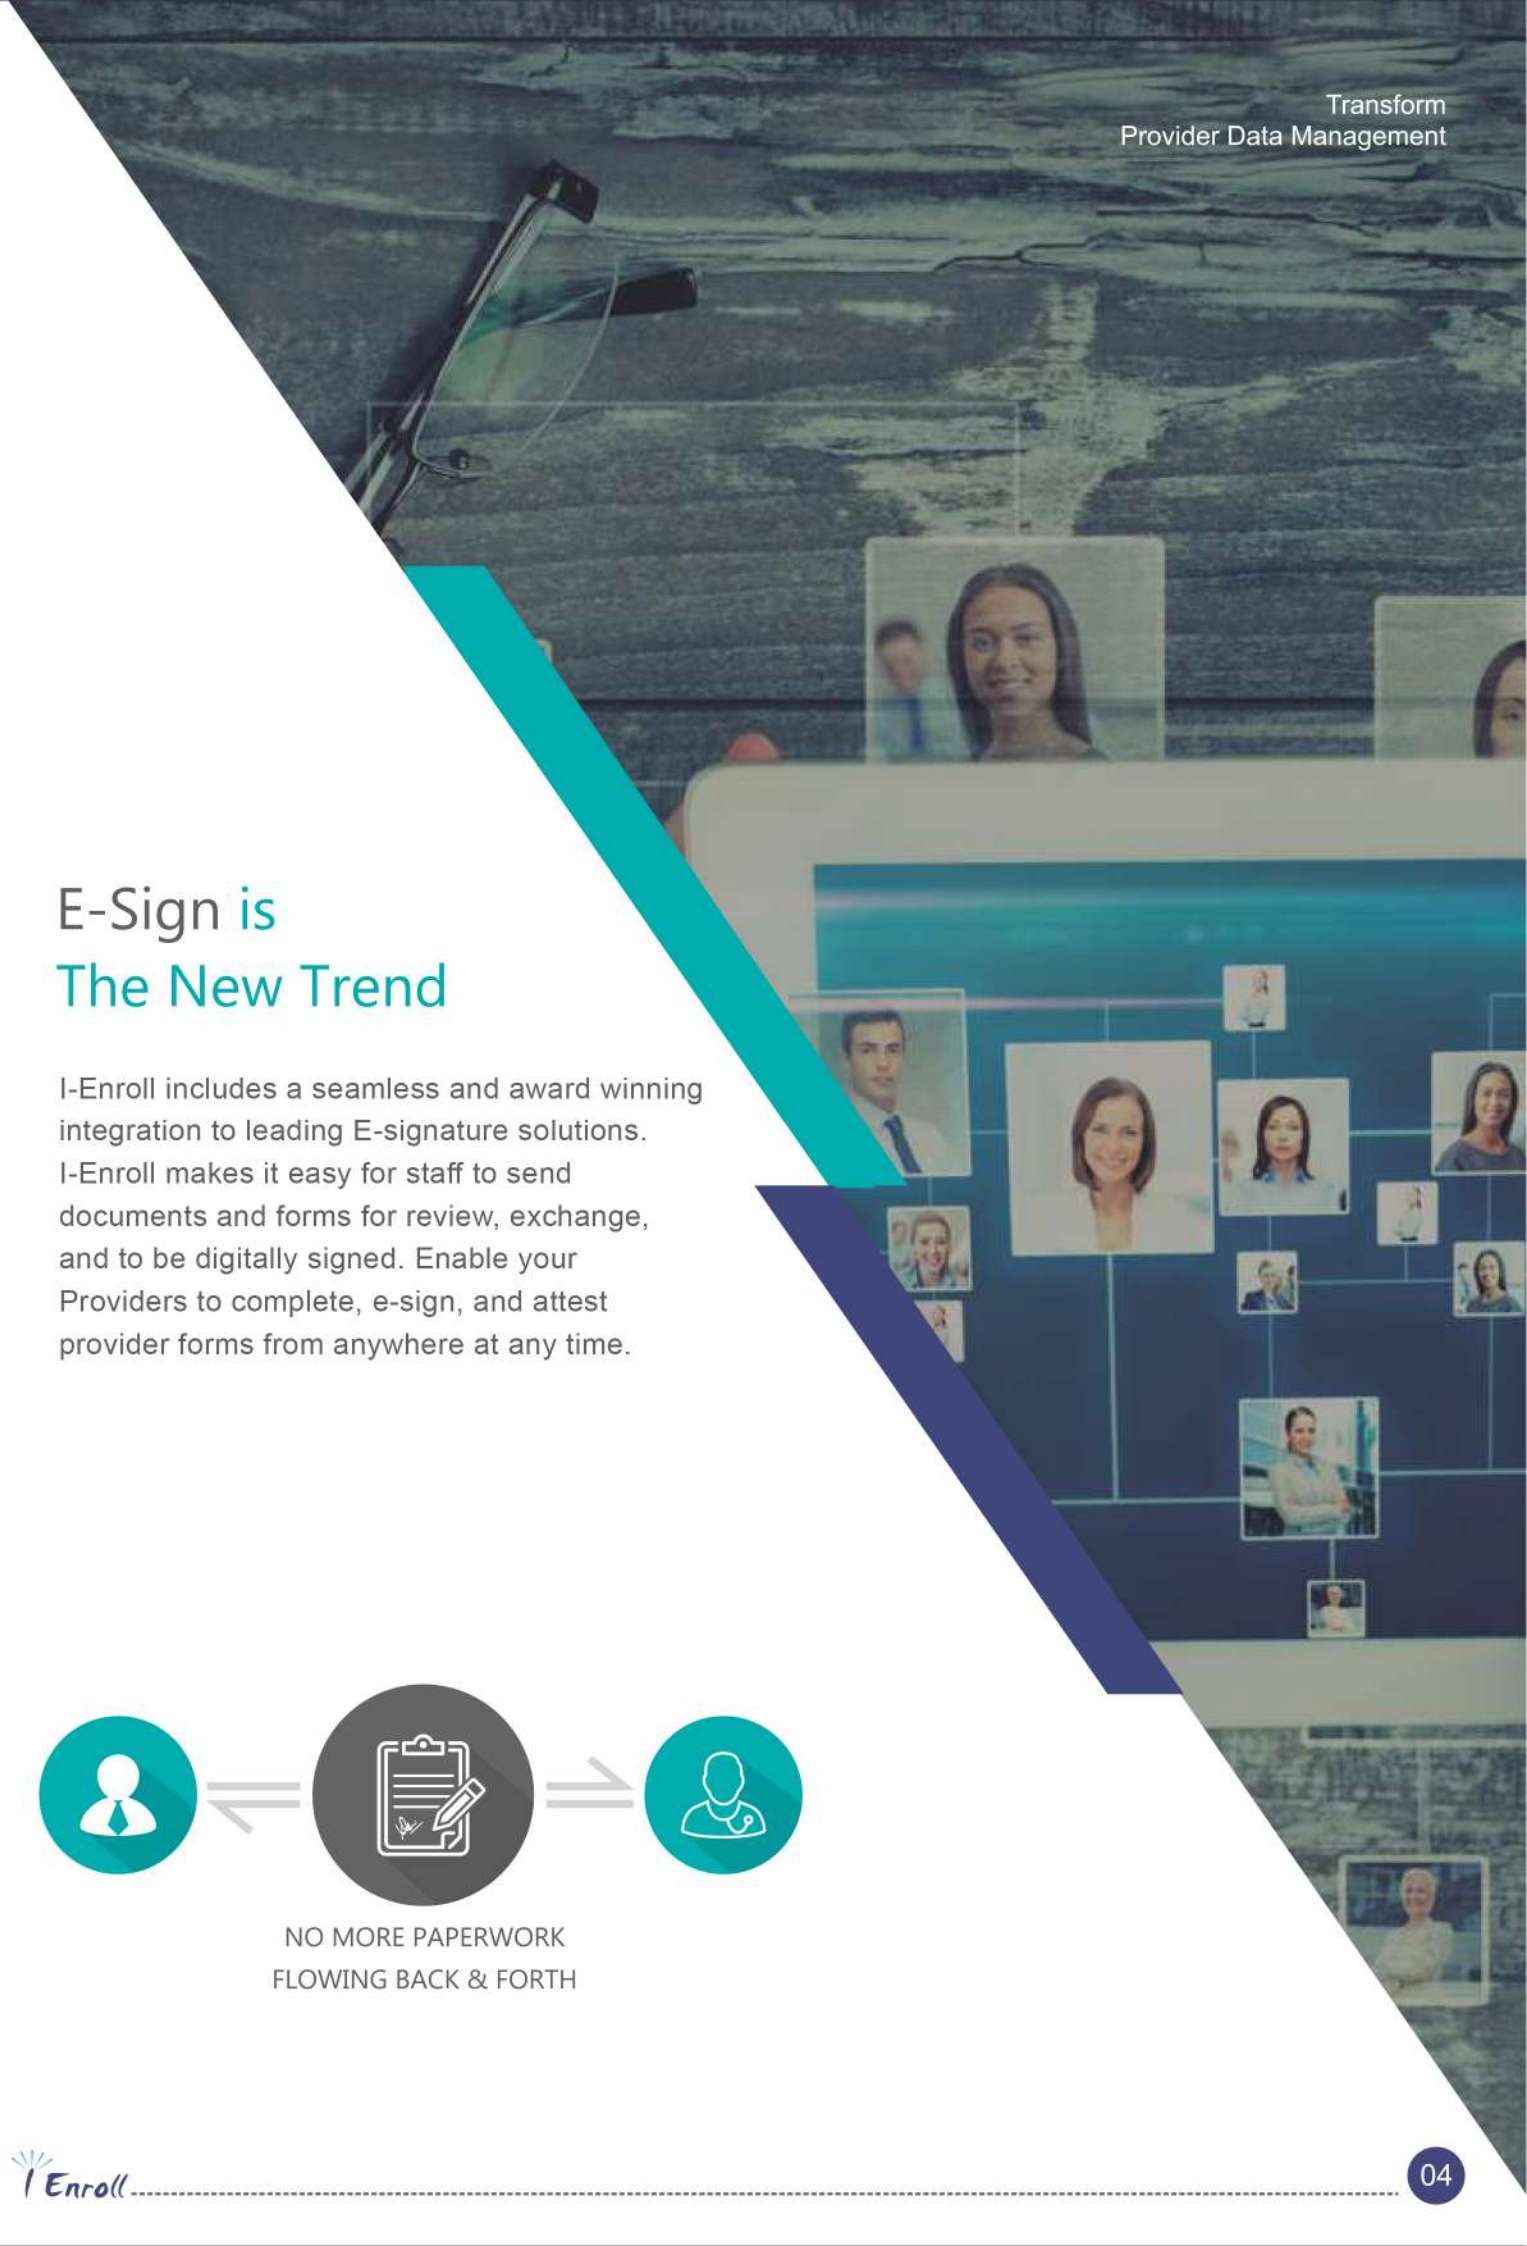
Provider credentialing is complex. Rules and requirements vary by state, facility, and specialty. Manually intensive processes are highly susceptible to errors and costly processing delays. I-Enroll systematically enforces compliance across an organization with red, amber, and green dashboards that instantly highlight when and what information/documents are missing from a Provider file. It even automatically generates reminders on documents and licenses coming due for renewal.

- Credentialing requirements by specialty
- State specific rules
- Facility requirements

Speed up Credentialing

I-Enroll is an intuitive and easy-to-use time saver for providers and their staff. It eliminates the need to track, store, and keep physical applications up to date. And its seamless and award winning integration to leading E-Signature solutions are yet another plus to consider.

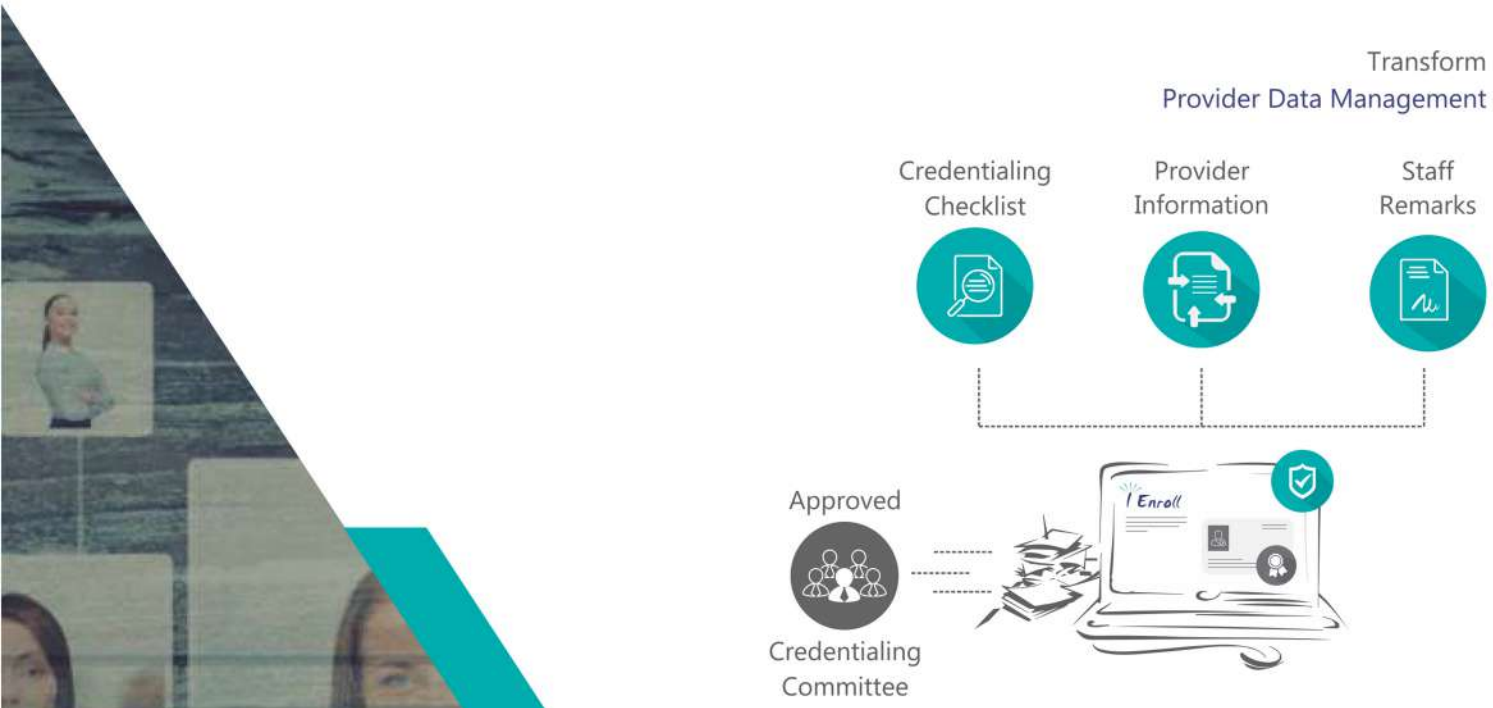
Colored dashboards instantly identify a file's status



E-Sign is The New Trend

I-Enroll includes a seamless and award winning integration to leading E-signature solutions. I-Enroll makes it easy for staff to send documents and forms for review, exchange, and to be digitally signed. Enable your Providers to complete, e-sign, and attest provider forms from anywhere at any time.

NO MORE PAPERWORK
FLOWING BACK & FORTH



Help Committee Members Make Decisions Faster

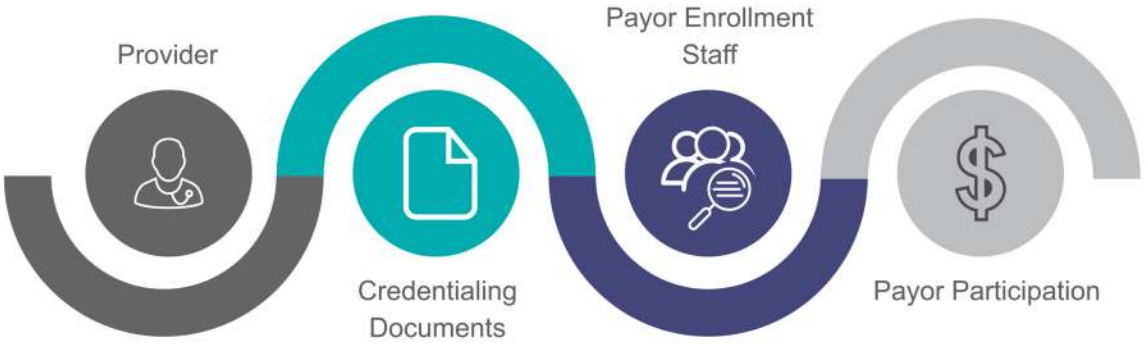
With I-Enroll, paperless online credentialing committees are now a reality. Committee members can save valuable time by reviewing, commenting, and rendering decisions on provider files.

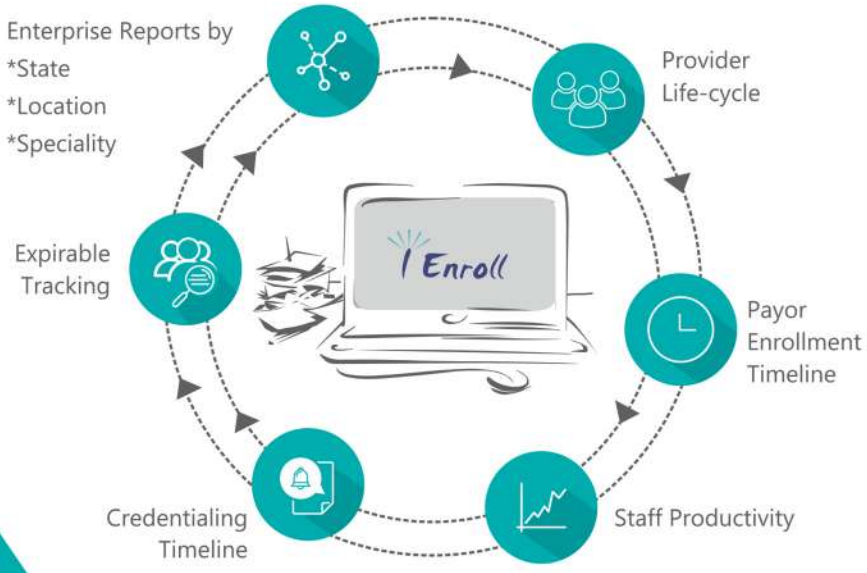
Expedite Enrollment

Speed up enrollments and strengthen revenue cycle management. I-Enroll automates preparation and assembly of Payors' application forms and allows for tracking and monitoring of enrollment activities and follow-ups including proactive notifications on re-creds coming due. I-Enroll also strengthens and streamlines organizations' capabilities for delegated and non-delegated contracts . Automate reporting and tracking on status of enrollment applications and enrollment status by payor, provider and location. Proactively track and monitor when Providers are coming due for re-enrollment.

Say Goodbye to Sticky Notes

I-Enroll keeps precise tabs on and automatically notifies when critical documents will expire and when follow-ups are needed. I-Enroll automatically sends electronic reminders to users, including providers. Expiration management includes built-in escalation.





No More Cabinets to Store Documents

Save time by streamlining document management with I-Enroll's electronic document repository. Upload provider documents and licenses just once into I-Enroll to maintain them centrally and securely.

Actionable Reporting

Comprehensive management dashboard and reporting turns provider data into actionable information. Automatically track and monitor the health of provider data. I-Enroll's unlimited user license model makes information accessible to those who need it when they need it so that they can act on it.

IDC MarketScape Recognizes Santech as a Leader in Provider Data Management for Payers 2025–2026

U.S. Provider Data Management For Payers 2025-2026 Vendor Assessment , doc #US52986825, Dec 2025)

What Earned the "Leader" Designation:

Full Provider Lifecycle
From onboarding through credentialing, enrollment, and ongoing maintenance.

Seamless Orchestration
Intelligent orchestration to keep every stage of the provider lifecycle in sync.

Enterprise Provider Data Repository
A single enterprise data model that unifies every provider and affiliation relationship.

Flexible Integration

Santech was named a Major Player in the IDC MarketScape: U.S. Provider Data Management 2022 & 2018 Vendor Assessment, doc #US48815718, Feb 2022, doc #US44514018, December 2018

IDC MarketScape vendor analysis model is designed to provide an overview of the competitive fitness of ICT (information and communications technology) suppliers in a given market. The research methodology utilizes a rigorous scoring methodology based on both qualitative and quantitative criteria that results in a single graphical illustration of each vendor's position within a given market. IDC MarketScape provides a clear framework in which the product and service offerings, capabilities and strategies, and current and future market success factors of IT and telecommunications vendors can be meaningfully compared. The framework also provides technology buyers with a 360-degree assessment of the strengths and weaknesses of current and prospective vendors.
